

Reading Rocks Penny Wars!

Give your small change to make a big One!

Each class will have a container in their room for collection.

Each class will get one point for each penny and two points for each dollar collected in their container.

Each class will deduct 5 points for each nickel, 10 points for each dime, and 25 points for each quarter collected in their container.

So put pennies and dollars in your class' container and add nickel, dimes and quarters to your competitors' containers.

At the end of war... the class in each grade with the most points win a pizza party and the teacher of each winning class earns a special prize for the classroom!
